

## **ABOUT INFOSYS FINACLE** (<https://www.edgeverve.com/finacle/>)

Finacle is an industry leader in digital banking solutions. We partner with emerging and established financial institutions to inspire better banking. Our cloud-native solution suite and SaaS services help banks to engage, innovate, operate, and transform better.

We are a business unit of **EdgeVerve Systems**, a wholly-owned product subsidiary of Infosys – a global technology leader with over USD 15 billion in annual revenues.

**FINACLE LEARNING COMMUNITY PROGRAM** aims to enable engineering students to be “Fin Tech Industry Ready” by introducing Finacle certification globally.

Shortlisted students will undergo Finacle online training in their 6<sup>th</sup> & 7<sup>th</sup> semester, followed by paid internship in their 8<sup>th</sup> semester. Students will get the opportunity to work in live projects along with some of the brightest minds in the industry.

On successful completion of the engineering course, students will join Finacle as Full-time employees and be productive from day one.
